

**WOODTURNERS OF OLYMPIA PRESENT
MICHAEL MOCHO**

Michael Mocho, an award winning woodturner, will visit the Woodturners of Olympia in July. Michael has been a full-time craftsman since 1976 with extensive experience in furniture design, woodturning, pattern making, and stringed musical instruments. He has completed residencies at the Arrowmont School of Craft, Anderson Ranch Arts Center, and the International Turning Exchange program. He is known for his intricate containers that often combine bent wood with turned, carved, and textured components, which have won numerous awards and are in many private and public collections.

All events are in Larry Miller's shop and space is limited. To sign up for any of the scheduled events below, contact: George Macauley at 360-438-9032 or e-mail: gmacauley@comcast.net

Date/Time # Openings	Description	Fee
Sunday July 16 8:30 to 3:30 Limited to 22 Bring your own lunch	All-day demonstration covering a variety of design strategies and techniques for creating and altering box and vessel forms. He will demonstrate a variety of on-lathe textural techniques including chatter-work, indexed embossing, radial fluting, and spiral work. Fast and effective methods for cutting clean box interiors will be demonstrated, as well as simple tips for making accurate static and moveable connections between parts such as lids, finials, knobs, spires, inlays, feet, and other appendages. This demo will change the way you look at your turned forms and will inspire new explorations.	\$25
Monday, July 17 8:30 to 4:30 Limited to 10 Bring your own lunch	Hands on workshop covering effective spindle turning, learning to love the skew, on-lathe textural techniques, and Multi-axis work. Focus will be on the development of a variety of skills, rather than the completion of a specific project.	\$150
Wednesday, July 19 8:30 to 4:30 Limited to 10 Bring your own lunch	Hands on workshop covering the design and creation of boxes and lidded containers. This covers simple to complex – piston fit, friction fit, snap fit, "O" ring fit, etc. This is a must workshop for those aspiring to take their boxes and containers to the next level.	\$150

Below are a few samples of Michael's work, or for more information you can visit his web site: <http://www.mmocho.com/index.html>
