Michael Hosaluk Workshops

8:30am to 4:30pm

Sunday, July 24 \$150

Learn not only the basics of spindle work, but also learn how to make some useful and functional items. Spatula, ladle, and ball.

9 students. Beginner and Intermediate.

Monday, July 25 \$150

Learn unique techniques for making and enhancing boxes and containers. Cutting and reassembling, carving, embellishing.

9 students. Beginner and Intermediate.

Tuesday, Wednesday July 26-27 \$250

Michael will help you learn how to develop your own personal direction through discussion as well as instruction on how to improve your work through good tool use and surface enhancement. The first day will be devoted to making items and the second day to embellishment techniques with surface design, coloring, texturing, carving, burning, using those items turned on the first day.

9 students. Intermediate level, all students must have basic wood turning knowledge.
